- 10) Per the Montana Cooperative Fire Agreement billing procedures, the parties to this agreement will determine the total costs of each agency. Each agency will bill for their costs.

Sawmill Complex, Wyman Cost Apportionment Narrative

Prior to August 5, 2007, suppression resources working on Division A of the Wyman Fire placed hose lays around the cabin in Section 17, T.7N., R.16W, BPM to do structure protection. This area is BLM land under DNRC protection. Helicopter 61CA made two bucket drops to contain the spot fire on state protection lands.

The sprinkler hose lay was extended on August 6th.

Implemented ignition operations to extend buffer around the cabin on August 9th.

On the 9th and 10th completed saw work reducing ladder fuels by limbing trees around the perimeter of the cabin.

Patrolled (drive-by) the cabin area each night.

On August 11th tied the black around the cabin to the perimeter of Wyman Division A, near the A/B Division break.
